CHIEF COUNSEL  
RULES DIVISION

Priority: Normal  
Subject: CAPS Program

I seldom fly, but with the advent of such a ridiculous program as CAPS, flying will be a mode of last resort.

I guess I would fit your profile. White, Middle aged Male, life member of the NRA, a conservative Republican with Libertarian leanings.

The people to fear is not the occasional raghead with a pistol, but more the politicians and their minions of rabid Bureaucrats. Considering that postal workers fly off the handle more than any other group, will this mean you will be denying mail carriers and the mail itself from riding on aircraft?

Arbitrary profiling by Government employees of questionable mental capacity is supreme insanity. I would trust more the judgement of my 4 year old Grand Daughter than I would some Washington Political Wonk.

You folks need to get a grip on reality and stop watching Steven Segal Movies. PLEASE Talk to the hand. I've heard it all. We have NEVER, EVER, had a terrorist attack of any great consequence on any domestic aircraft. You bastards passed the 1994 Terrorist Act on the precept that flight 800 was a terrorist act, which turned out to be absolute bullshit but here we are..... Little Nazis doing body cavity searches.

Yeah Whos like you make me understand why our forefather placed the 2nd Amendment in the Bill of Rights..... You guys have lost your marbles... It might be time we think about shrink government control and allow common sense back into society.
